BELT DRIVE DESIGN WORKSHEET
 ATTN: BANDO TECHNICAL DEPARTMENT

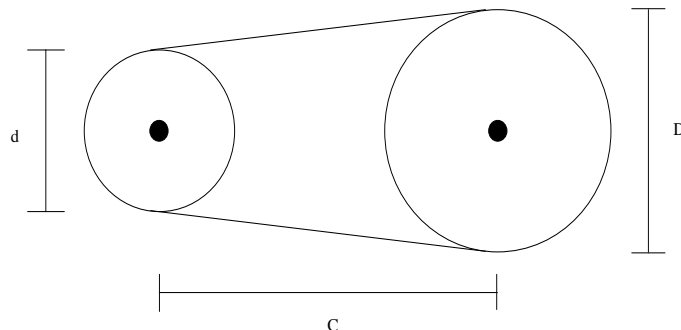

From: _____ Date: _____
 Company: _____ Phone: _____
 E-mail/fax _____

Type of Machine: _____
 Timing application?: _____
 Operating environment: _____
 (note factors such as heat, _____
 dust, heavy impact, etc) _____

Hours/day in service: _____ Motor speed: _____
 Motor horsepower: _____ Motor shaft diameter: _____
 Desired speed: _____ Driven shaft diameter: _____
 Shaft center distance/range: _____
 Special considerations: _____
 (note any size restrictions, _____
 braking, clutching, fixed centers, _____
 frequent stops and starts, etc) _____

FOR DETERMINING BELT LENGTH ONLY

Motor Sheave/Pulley Diameter (d) : _____
 Driven Sheave/Pulley Diameter (D) : _____
 Shaft Center Distance (C) : _____
 Belt Length : #VALUE! #VALUE!
 Position of take-ups (if any) _____
